About Me

I enjoy crafting fast, efficient, and secure web apps. In my more than 2 years of experience. I have worked on all sorts of web apps like single page applications, drag & drop editor, CRM tools, blogging websites, social network, and more,

I write clean, maintainable, and modular code. I keep on learning good coding practices to improve the standard of the code I write. Beautifully written code gives me pleasure.

Experience

Full-stack developer at [Handysolver](#) from 3rd of March 2019. (2+ years)
