## EXPERIENCE

- **Mini Project on Blood Bank and Donor Management System** June 2020-February 2021 The persons who like to donate blood register on my site. The persons in need of blood searches for the persons having the same blood group and within the city. If he found a donor in his city then he gets the total details of the donor, if he doesn't find any donor then he is given the contact numbers and addresses of the Life Saving Contact Persons for major cities. If he doesn't have any chance to contact them then he will be provided with Mob link Paging Services in order to get the blood.
- **Microsoft AEP Stem Technologies**, Hyderabad — Project Development in Java Programming  
June 2019-July 2019
